

MR. ROMEO GARDNER - PRESIDENT | OWNER

Based in Stafford, Virginia, Nehlos is a team of cybersecurity experts with over twenty years of experience in the field. Operating in Virginia, Maryland, Washington DC, and throughout the east coast, our engineers have provided security solutions for Microsoft, the White House Communication Agency as well as numerous other US government intelligence agencies.

When it comes to providing a secure digital environment for our clients, we pride ourselves on our ability to analyze a customer's security needs and deliver tailor-made solutions. At Nehlos, we understand that every client is unique. Although their expectations may be similar (to keep them safe) the engineering needed to achieve that can vary considerably from client to client. Whatever your security concerns or needs, Nehlos has the experience and know-how to design a security system that puts the client's requirements at the very center of the design process.
